

Clinical Educator Programme

Introduction to Simulation Workshop Learning Outcomes

By the end of this workshop, participants will be able to:

Describe the principles of simulation based education and the diversity of its application.

How am I going to implement this into my own practice?

What exactly will I do?

--

When will I start?

When will I review my progress?

--	--

Describe the educational theory underpinning simulation.

How am I going to implement this into my own practice?

What exactly will I do?

--

When will I start?

When will I review my progress?

--	--

Identify how simulation may benefit learners and patients.

How am I going to implement this into my own practice?

What exactly will I do?

--

When will I start?

When will I review my progress?

--	--

Discuss the challenges facing the development of simulation activity and consider how these might be overcome.

How am I going to implement this into my own practice?

What exactly will I do?

--

When will I start?

When will I review my progress?

--	--

Locate the local resources available.
